Candidate Statement (75 words maximum)

Members seeking election are kindly requested to include details of work they wish to undertake for the Association including possible future developments.

I have for several years been the Association's representative on the Genesis Initiative Meetings and Senate (the foremost lobbying group for SME at Parliament) where we have made some giant steps forward for the good of our members. For the past few years I have been advising on the specialist legal issues in relation to entertainment and entertainment agency related legislation. I have been involved with the formulation of BSI standards and related issues. I have recently been involved in the up grading of the NOEA website to make it more professional and helpful to members. I believe in providing more services to the members and in the light of this I have been hosting Networking business/social meetings which have been free to members and NOEA. I have also been involved in the updating of NOEA Constitution and many other issues which if re-elected I hope to continue being able to do. I am a firm believer in NOEA being as transparent as possible.
