Candidate Statement (75 words maximum)

Members seeking election are kindly requested to include details of work they wish to undertake for the Association including possible future developments.

For the past two years I have been one of the NOEA Vice Presidents, and I would like your vote to continue in this role if I don't make the Presidents chair. I have been instrumental in developing valuable links with industry media and trade shows. I have the experience to make NOEA an association that people wish to engage with especially with the challenges that members face. If elected Vice President I will continue to listen your needs as an industry, leading the council and association in its work. Collaboration is key, it's vital to network if the association is to develop. I want NOEA to grow stronger, more effective, to be exciting and full of opportunities, and I relish the challenges ahead should you re-elect me as Vice President.
