Warehouse & Production Technician

Cardiff Based

Competitive Basic Salary £19k – £24k Pro Rata

37.5 Hours per week

Production 78 are looking for an organised, driven and confident Warehouse & Production Technician to work in our event production management team in producing Production 78's ever-expanding portfolio of events.

Core Duties

The role of Warehouse and Production Technician will include providing warehouse and production technical assistance at both our office base in Cardiff during the planning process and out on site during events; assisting with the planning, maintenance, testing, preparation and delivery of all equipment owned by the company. Assisting in contracting and scheduling subcontractors, suppliers, handling client queries and troubleshooting to ensure all events run smoothly.

Job Specification

We are looking for a person with an approachable and professional manner who is organised, driven and has a good level of experience in a practical event or theatrical environment. Production 78 aims to achieve high production values at all our events and the appointed person will be expected to meet and push the quality boundaries we deliver to our clients.

About Us

Production 78 is a thriving and growing, creative events company with a big impact. Based in Cardiff we produce over 300 events every year for our ever-expanding list of local, national and international clients including:

The Welsh and UK Governments
Cardiff Council
Artes Mundi
Leonardo and Jurys Inn Hotels
Highways England
Natural Resources Wales
Dŵr Cymru Welsh Water
Hilton Garden Inn
Barber Connect
